# HAIRSPRAY

## WITHOUT LOVE

'Without Love' is the song of the month which our starters groups have been listening to. From the movie 'HAIRSPRAY'.

Once I was a selfish fool  
Who never understood  
Never looked inside myself  
Though on the outside, \_\_\_\_\_

Then we met and you made me  
The man I am today  
Tracy, I'm in \_\_\_\_\_ with you  
No matter what you weigh

'Cause without love  
Life is like the seasons with no summer  
Without love  
Life is rock 'n' roll without a \_\_\_\_\_

Tracy, I'll be yours forever  
'Cause I never wanna be without love  
Tracy, never set me free, no, I ain't lying  
Never set me free, Tracy, no, no, no

Living in the ghetto  
Black is everywhere ya go  
Who'd have thought I'd love a girl  
Whose skin was white as winter \_\_\_\_\_

In my ivory tower  
Life was just a Hostess snack  
But now I've tasted \_\_\_\_\_  
And I'm never going back

'Cause without love  
Life is like a beat that you can't follow  
Without love  
Life is Doris Day at The Apollo

Darling, I'll be yours \_\_\_\_\_  
'Cause I never wanna be without love  
So darling, never set me free  
No, I'm yours forever  
Never set me free, no, no, no

If I'm left without my baby doll  
I don't know what I'll do  
Link, I've got to break out  
So that I can get my hands on you

And girl, if I can't touch you  
Then I'm gonna lose control  
Seaweed, you're my black white knight  
I've found my blue-eyed soul  
Sweet freedom is our \_\_\_\_\_

Trace, I wanna \_\_\_\_\_ you  
Let me out at the next toll

Without love  
Life is like a prom that won't invite us  
Without love  
It's like getting my big break and laryngitis

Without love  
Life's a '45 when you can't buy it  
Without love  
Life is like my \_\_\_\_\_ on a diet

Like a week that's only Mondays  
Only ice cream, never sundaes  
Like a circle with no center  
Like a \_\_\_\_\_ marked 'Do Not Enter'

Darling, I'll be yours forever  
'Cause I never wanna be without love  
Yes, now you've captured me  
Without \_\_\_\_\_, I surrender happily

# THEATRE AND FOREIGN LANGUAGES

**DID YOU KNOW THAT PARTICIPATING IN PERFORMING ARTS CAN HELP YOUR CHILD LEARN A NEW LANGUAGE?**

A lot has been written about the benefits of performing arts for children's learning. Performing arts lets your child have fun while learning moral values, improving communication and social skills, and expanding their general knowledge. You may ask, however, what is the role that performing arts play in learning languages? Below are some reasons you should use theater for your child's second (or third) language acquisition:

Children need extra motivation to learn languages. A magic show, theater, or any other type of gestural activity provides participation, excitement, and surprises.

These fun and relaxed environments are ideal for children to absorb and learn a new language. It allows them to internalize phrases and vocabulary without even realizing it!

Theater helps children learn not only the most "formal" parts of the language, but also idioms, vocabulary, intonation, and structures that don't always appear in books. The language is typically used in a conversational manner.

When the actors are native speakers, children hear different types of accents and lesser-known expressions. The native speakers bring their own flair to the table and introduce listeners to different linguistic stylings.

Although actors are at the center of the performance, often children have the opportunity to perform in or engage in other ways with the production. Whether at a theater, at home, or in a classroom, playing, improvising, and role-playing are the most effective ways of acquiring a language, as they improve children's communication skills.

In fact, role-play in particular is one of the most widely used techniques in classrooms to teach and learn languages. This activity allows children to become anyone for a short period of time and express themselves in a more forthright way.

The good thing about watching performing arts in other languages is that we can choose the theme. If it's a theme that children enjoy, they'll be more willing to listen and learn.

The fact that the plays and performances usually represent everyday situations allows children to learn vocabulary and expressions that are used in everyday life. It'll definitely have a lot of practical use if you're raising bilingual kids.

The ultimate goal is making the language heard as something normal. The learning should be concealed within fun and entertainment so that children have the opportunity to learn in a dynamic and interactive environment.

# TEATRO E LINGUE STRANIERE

**LO SAPEVI CHE LA PRATICA DELLE ARTI DELLO SPETTACOLO  
CONTRIBUISCE ALL'APPRENDIMENTO DI UNA NUOVA  
LINGUA?**

Molte volte abbiamo sentito parlare dei benefici del teatro nell'apprendimento di bambini e ragazzi. Il teatro riesce a far divertire mentre si imparano i valori morali, si migliora la comunicazione e la socializzazione e si amplia la propria conoscenza generale. A questo punto ti domanderai che ruolo ha il teatro nell'apprendimento di una lingua straniera? Qui troverai la risposta al perché i bambini dovrebbero iscriversi a teatro per migliorare una seconda (o terza) lingua:

I bambini e i ragazzi hanno bisogno di molta motivazione per imparare una lingua straniera. Uno show di magia, teatro, o

qualsiasi altro tipo di attività artistica richiede partecipazione, frenesia e sorpresa. Questi ambienti divertenti e rilassanti sono ideali per bambini e ragazzi per assorbire e acquisire una nuova lingua. Inoltre permette loro di immagazzinare frasi e lessico senza nemmeno rendersene conto!

Il teatro aiuta anche a non imparare solo le parole 'formali' della lingua ma anche idiomi, lessico, intonazione e strutture della frase che non appaiono nei libri. La lingua viene usata in forma di dialogo.

Quando gli attori sono madrelingua, i bambini e i ragazzi sentono diversi tipi di accenti e espressioni che non conoscono. Grazie alla genuinità dei madrelingua, i partecipanti hanno l'opportunità di ascoltare ed imparare diversi stili linguistici.

Anche se si è soliti pensare che solo il protagonista è al centro dell'attenzione, tutti i partecipanti contribuiscono alla buona riuscita di uno spettacolo. I modi più efficaci per acquisire una lingua e per migliorare lo speaking dei ragazzi è proprio la recitazione, l'improvvisazione e i giochi di ruolo, che siano a teatro, in classe o a casa.

In particolare, il gioco di ruolo è tra le tecniche più usate a scuola per insegnare ed imparare una lingua. Questa attività permette a bambini e ragazzi di immedesimarsi nei panni di qualcun altro per un breve periodo di tempo ed esprimersi come loro.

Inoltre, la cosa migliore del teatro in una lingua straniera è che si sceglie un tema. Se il tema piace ai bambini o ai ragazzi, saranno maggiormente disposti ad ascoltare ed apprendere la lingua.

Oggigiorno gli spettacoli teatrali rappresentano situazioni della vita quotidiana e questo porta i ragazzi ad acquisire lessico ed espressioni della vita di tutti i giorni. Mettere in pratica ciò che si ha imparato a teatro, sarà poi sempre più facile

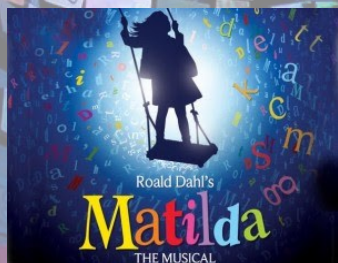

Ed infine, con il teatro si vuole trasformare l'ascolto della lingua straniera, in qualcosa di normale. L'apprendimento si fonde con divertimento ed intrattenimento in modo che i ragazzi imparano la lingua in un ambiente dinamico e stimolante.

Non perderti nessuna occasione! Rimani sempre aggiornato sulle nostre attività! Seguici sul nostro sito e sulla pagina Facebook!
